All other personnel actions, such as compensation, benefits, transfers, layoffs and recall from layoffs, access to training, education, tuition assistance and social recreation programs are based on only job requirements and administered without regard to race, national origin, religion, age, color, sex, sexual orientation, gender identity, disability, or protected veteran status, or any other characteristic protected by local, state, or federal laws, rules, or regulations.
- c. Employees and applicants shall not be subjected to harassment, intimidation, threats, coercion or discrimination because they have: (1) filed a complaint; (2) assisted or participated in an investigation, compliance review, hearing or any other activity related to the administration of any federal, state or local law requiring equal employment opportunity; (3) opposed any act or practice made unlawful by any federal, state or local law requiring equal opportunity or (4) exercised any other right protected by federal, state or local law requiring equal opportunity.

Jennifer Keith has been assigned the overall responsibility to implement the Company's legally required Section 503 and VEVRAA programs related to individuals with a disability and protected veterans. As part of that responsibility, the EEO Coordinator will implement and administer an audit and reporting system to ensure compliance with the Company's Section 503 and VEVRAA obligations, periodically measure the effectiveness of the Section 503 and VEVRAA programs, and identify any areas for potential remedial action, as appropriate.

If you, as one of our employees or as an applicant for employment, have any questions about this policy or would like to view portions of the Company's Section 503 and VEVRAA programs for individuals with a disability or protected veterans, please contact Jennifer Keith, Senior Human Resources Business Partner during regular business hours. This is also a reminder that employees may update their disability status at any time by contacting the EEO Coordinator.
