

WAYLAND MEMBRANE ULTRA FILTRATION - WAYLAND, MA

PROJECT INFO:

OWNER:

Town of Wayland

ENGINEER:

Tata & Howard

PROJECT VALUE:

\$8 Million

TECHNOLOGIES/MATERIALS:

Membrane Filtration System

PROJECT HIGHLIGHTS:

This project was done without impacting the fragile Baldwin Pond ecosystem.

ADDITIONAL DETAILS

Methuen Construction was the General Contractor for this project to construct a 1.5 million gallon per day Water Treatment Facility utilizing Membrane Ultra Filtration to remove iron and manganese from the Wayland drinking water supply. Work included construction of a new Masonry building above concrete holding tanks, replacement of existing well pumps, Ozone Generation, Compressed Air, Membrane Filtration, Chemical Feed, and SCADA systems.
