

MANCHESTER LARGE-SCALE CAST-IN-PLACE CONCRETE - MANCHESTER, NH

PROJECT INFO:

OWNER:

City of Manchester, NH

ENGINEER:

HOK/LBPA

PROJECT VALUE:

\$2.8 Million

TECHNOLOGIES/MATERIALS:

cast-in-place concrete

PROJECT HIGHLIGHTS:

More than 10,000 cubic yards of concrete poured over 206,000 square feet of finished slab.

ADDITIONAL DETAILS

Methuen Construction was the Specialty Contractor for all concrete at this Civic Center in Manchester, NH. The project's work included cast-in-place concrete foundations and walls and extensive slab work, which required the finish concrete to integrate seamlessly with the pre-cast seating sections of the new arena.
