

## MANCHESTER LARGE-SCALE CAST-IN-PLACE CONCRETE - MANCHESTER, NH

### PROJECT INFO:

**OWNER:**

City of Manchester, NH

**ENGINEER:**

HOK/LBPA

**PROJECT VALUE:**

\$2.8 Million

**TECHNOLOGIES/MATERIALS:**

cast-in-place concrete

**PROJECT HIGHLIGHTS:**

More than 10,000 cubic yards of concrete poured over 206,000 square feet of finished slab.

### ADDITIONAL DETAILS

Methuen Construction was the Specialty Contractor for all concrete at this Civic Center in Manchester, NH. The project's work included cast-in-place concrete foundations and walls and extensive slab work, which required the finish concrete to integrate seamlessly with the pre-cast seating sections of the new arena.
